---

The Forest Service has generally been providing their information ahead of when we asked for it - mostly data for the Monument economic reports.

On Mon, Jul 24, 2017 at 11:18 AM, Cason, James <[james\\_cason@ios.doi.gov](mailto:james_cason@ios.doi.gov)> wrote:

Jim, per our meeting a few days ago on monument information... I think most things are on track. We will continue to monitor progress to make sure needed information is in. We are staying in close coordination with Randy. We will be working with leadership on the department on recommendations. Thanks,

Dan Jiron

**Subject:** Monument data due today

Hi Randy – my understanding is that some aspects of Monument data was due today. We've been sending data as it's been analyzed and requested. I may not have captured everything, but here's the data sets I know have been sent in already:

Already sent on 6/26

- FS Executive Summary of the 4 FS-Managed Monuments in California
- DOI Data Request Responses:
  - 1a & 1b Berryessa Snow Mountain: (2 docs) Initial Data Response & Additional Information Response
  - 2a & 2b Giant Sequoia: (2 docs) Initial Data Response & Additional Information Response
  - 3a. & 3b. San Gabriel Mountains: (2 docs) Initial Data Response & Additional Information Response
  - 4a & 4b Sand to Snow: (2 docs) Initial Data Response & Additional Information Response

Due to day (7/21) are comments on economic reports for

San Gabriel

Giant Sequoia

Outstanding comments:

Economic report on Sand to Snow due July 27

Economic report on Berryessa-Snow Mountain due August 4

Recommendations on monument changes are still working through our Agency and Department leadership. Once we have those finalized, we will send. Call if you have any questions or issues.
